

## Personal Development and Achievement Programme

- The development of a young person's personal and social skills is one of our key aims for every pupil who attends Hopewell. Our focus on character skills and the development of self-regulation and self-management underpin the PDAP programme which is delivered through weekly off site activities as well as through our school based and vocational curriculums.
- Our offsite programme is designed to challenge our pupil's expectations of themselves, to encourage them to take part in new experiences and to develop a greater understanding of themselves and their capabilities and to start believing that "anything is possible"
- There is a focus on 8 main character skills Respect, Resilience, Communication, Collaboration, Perseverance, Team building, Adaptability and Problem Solving, within these pupils are also taught skills to self-reflect and recognize how to self-manage and regulate.
- We aim that all pupils will be able to develop their self-confidence and self-esteem through the structure of the PDAP curriculum as we recognise the impact these have in a pupil's overall success and achievement.
- 

### How we deliver our Personal Development and Achievement component of our Curriculum:

- Offsite PDAP activities
- Character skills education
- Developing Self Awareness and Self-Regulation
- Individual Tutorials
- Personal Development Portfolio
- ASDAN
- Developing Employability Skills
- Pupil Parliament
- Celebrating Success and Achievement.
